Education

Rose Bank College

Cape Town, WC

Higher National Diploma: IT
Management

2024

Summary

I am a recent IT Management graduate from Rosebank College with a solid foundation in PC components and networking systems. I have hands-on experience in website development and MySQL database management, and I am recognized for my teamwork and communication skills. Currently, I am a candidate interning as a Fullstack Developer at Capaciti, where I am gaining valuable industry experience. I am seeking opportunities in IT management or Fullstack development to further apply and enhance my skills.
